David Mundt of The Signature Real Estate Companies has bolstered his impressive listing inventory to more than \$10 million over the past few weeks, in preparation for what is expected to be an extremely busy winter selling season for luxury homes.

As managing director of the luxury portfolio for Signature International Premier Properties, LLC, Mundt is responsible for much of Signature's recent success since the firm entered the luxury segment of the residential market earlier this year.

Regency Realty Services on new mortgage disclosures, closing procedures now in effect

Regency Realty Services, with more than 200 trained consumer-friendly Realtors, is available to guide you step-by-step to become a successful homeowner by defining what affordable means to you, understanding your credit, and picking the mortgage type and down payment that work best for you.

All-cash home sales in Florida now are down to 31.3 percent of all sales. Statistics show that Florida had the second-highest number of all-cash home transactions, while New York had the highest percentage of all-cash sales of any state at 47 percent. Measured by population, the West Palm Beach-Boca Raton metro area had the highest cash sales share in the country at 55.5 percent.

Jana N. Jeansonne, broker/owner of Regency Realty, says now is the time to understand the "know-before-you-owe" mortgage initiative that goes into effect this month. It includes the use of a new loan estimate to replace the traditional good faith estimate, and a new closing disclosure replacing HUD-1 settlement in all financed transactions.

For 15 years, Regency has served South Florida with over \$1 billion in sales. The company developed a
